Dear Senator Baker,

The Hawaii Legislature recently authorized 6 positions at Lahainaluna High School specifically for the Boarding Department. These positions were necessary so that dormitory teacher positions could be converted to dormitory attendant positions to administer the boarding program. The school finds itself one position one shift short as these attendants are deployed. As a result, each boarding student is required to check out every Sunday by 8:00am and remain off-campus until 4:30 pm that evening.

It is nearly impossible and also unwise to subject the boarding students and their parents or sponsors to meet such a schedule. Many of the students come from the outer islands or from outlying areas like Hana or upcountry Maui. Parents and sponsors of students from off island cannot be expected to assume such a responsibility on a regular basis.

It is requested that you look into this problem. Authorizing an additional dorm attendant position will resolve the issue.

Mahalo for your consideration and assistance.

Sincerely,
