Grants & Projects Continue to Improve Lahainaluna

Even though the campus was mostly closed to having students on campus during the last school year, the Foundation's Grant Committee was busy with continuing our mission of providing opportunities and resources to the school.

Susan Yap has been the chairperson for the last decade and has been an important part of the process, assisting in the evaluation of each grant application and, along with the Grants Committee and Board, recommending the funding for each request.

The Foundation has awarded approximately \$62,000 during the past two years.

Health Services Pathways/ PE Hale Ola Pono Wellness Center

In early 2019, Health Services Core Instructor Malia Shimomura and Cliffane Casco (PE-10), came to the Foundation seeking support for their Hale Ola Pono Wellness Center, a student run fitness center and clinic. Students manage each other as a student Clinic Administrator oversees a medical receptionists that checks in patients (PE students and teachers) and provides health assessments that includes vital signs and anthropometric measurements. The center originally operated in P16, but it became clear that the facility was

inadequate for their needs.

With funding from the Foundation, and sweat equity provided by Malia, Cliffane, and their students, the back of the old girl's locker room was converted to a suitable facility.

The ultimate goal is to collaborate with health care professionals and allow the facility to also serve the community. We'd also like to see the students in charge of each side of the wellness center (fitness and clinic) work collaboratively to best serve patients and clients. Unfortunately, when the COVID19 restrictions took place, the clinic closed down and construction has been placed on hold.

Heat Abatement Program

The Lahainaluna High School heat abatement project began as a discussion back in 2019 and was initiated in earnest in 2020. In addition to fully providing both "I" and "J" buildings with new AC units, "J" building also received a full electrical upgrade to run all units on a dedicated 220v circuit, thus avoiding the electrical drain that they were experiencing.

To our surprise, "I" building had been upgraded sometime in the past so we were able to utilize that service for this building and remove all of the 110v AC unit that were contributing to their occasional power failures.

In addition to these two entire buildings, units were installed in the following: shop classrooms S1-S2-S3 as well as the teacher's café eating area, the physical therapy testing room in the athletic trainer's office, the culinary arts room, the copying room, the Alternative Learning Center and every portable that needed an additional unit to assist with their previously installed heat abatement equipment. For the portables, we purchased some units while others that were removed when we upgraded to larger, improved units, were repurposed. All of these were completed by early 2021.

To date, we have purchased 39 units and installed over 50.

Recently, the Old Lahaina Luau partnered with the Foundation to provide funding for air conditioning units in "AA" Building. The OLL is funding the purchase of 9 units, and the Foundation will fund the installation.

Lahainaluna Cemetery

The Lahainaluna Cemetery appeared on our radar after the great (x5) grandson of Sheldon Dibble, visited his grave in 2017 and was shocked at the condition of this historical site. Sheldon Dibble, a missionary, came to Maui in 1836 and was a teacher at Lahainaluna. Dibble, his wife, and 18 month old son are buried at Lahainaluna.

Work on the site began in July 2017, with volunteers from the Foundation, the Lahaina Canoe Club, and others.

Most of the work done has been accomplished by volunteers, but on occasion, some of the work was hired out.

Early work included weed eradication in and around the cemetery, painting the posts and chains, installing a gravel walkway and erosion mitigation.

The project was spearheaded by the Foundation's Arts, History & Culture Committee Chair, Susan Yap and the Executive Director, Jeff Rogers.

In late 2019, Lindy Tratchel responded to a public appeal for volunteers. Lindy's uncle, John Akiona, is buried at Lahainaluna, Cemetery (cont) and his grave was in terrible disrepair. Lindy not only took on that grave as her pet project, but has continued to come back and make significant improvements to the site.

Early College Education

The Early College (Dual Credit) Program is available for all Lahainaluna students, with particular attention to first generation and socioeconomically disadvantaged students. It is the goal of the program to give students an opportunity to experience college level studies and credits which can be used towards a degree after high school.

The program is partly funded by the State, but participating schools need to provide the remaining funding (15%).

Some of the classes made available have included English 100, Math 115, Psychology 240, Computer Science 100, Sociology 100 and Auto Tech 100.

Other grants that were awarded within the past few years include bottled water for D-Building due to rusted pipes, new building signs were recommended by the Archive Committee, a used golf cart for the Custodial Department, and the Science Olympiad.

Passive Fundraisers Help the Bottom Line

Fundraising is always a challenge, and it was made even harder during the pandemic. We are always on the lookout for passive fund raisers....ways to generate revenue without having to dip into the pockets of our donors.

Maui Looks Forward to the 2022 Sentry Tournament of Champions

The 2022 Sentry Tournament of Champions, returns to The Plantation Course at Kapalua from January 5-9, will mark Maui's 24th year hosting the event as it kicks off the calendar year with one of the most exceptional fields in golf, featuring only winners from the previous year on the PGA TOUR.

As the event approaches, the Tournament will continue to work closely with the PGA TOUR, local and state governments, and leading health officials to deliver a successful tournament in a safe and healthy manner to the Maui Community. Tickets are now available for the 2022 event with several options for all fans.

Last year's edition featured an impressive field, but perhaps an even more impressive community impact. The 2021 event raised more than \$500,000 for more than a dozen Maui non-profit organizations, marking the largest charitable impact figure raised for the local community since 1999.

As the only event on the PGA TOUR the Tournament is one of the most 2022 field is shaping up to be one of pions like Justin Thomas, Jordan Spi-Reed, and current TOUR stars Collin Jon Rahm.

The Sentry Tournament is a week for the best PGA TOUR players in the that makes the event possible. The

schedule to feature only winners, exclusive fields in all of golf. The the best yet, featuring past chameth, Xander Schauffele, Patrick Morikawa, Patrick Cantlay and

the people of Maui to celebrate world, and the vibrant community tournament is proud of the more

than \$7.5 million generated for local Maui communities since 1999, including a longstanding relationship with the Lahainaluna High School Foundation.

This year marks another exciting installment of the Sentry Tournament of Champions with some highlights of the week including Ohana Day, the Aloha Kick-Off prior to the first tee time on Thursday, and Aloha Friday with players and fans alike encouraged to wear island attire. There is truly no sporting event like the this tournament, and we're excited for January! Fans are encouraged to follow us on Facebook (SentryTOC), Twitter and Instagram (Sentry_TOC). For more information about the tournament, please visit SentryTournamentOfChampions.com.

Passive Fundraising (cont)

One of our earliest forays into passive fundraising was with Melaleuca. We were approached by Jun Arconado & Julie Acio ('89) back in 2009 about an opportunity through the wellness company that they represented. Independent representatives could designate a portion of their sales to non-profit organizations. We became a beneficiary in 2010 and have received more than \$10,000 in donations since then.

In 2015 we partnered with Amazon, as a beneficiary of their philanthropic program AmazonSmile. Through their gifting program, when members designate the Foundation as their beneficiary, we receive a small percentage of the retail price of eligible items. Our first quarterly donation in 2015 was \$10.75. Our most recent payment was \$138.00!! The AmazonSmile program illustrates how even

small amounts, multiplied, can have significant results.

Most recently, we partnered with Maui Ku'ia Estate Chocolate, a local company that produces fine chocolate. The company is unique, not only in its product, but because it donates 100% of its net profit to Maui non-profit organizations. We joined the Chocolate Laulima program in September, 2020 and have seen \$4,600 in donations from it. Visit the Chocolate Laulima program on their website for more information https://mauichocolate.com/

Aloha Bill Marciel

William Leroy Hinano Marciel was born on Oahu on November 22, 1944, and passed on June 20, 2020, at the age of 75. He is survived by 3 children, 9 grandchildren and 2 great grandchildren. He grew up in Lahaina and attended Sacred Hearts and graduated from Lahainaluna in 1962.

Bill worked at the Sheraton Maui in the bake shop until 1975 and then worked in construction until retirement in 2005.

Bill will be best remembered by many for his passion for

researching history and started photo-Day in 2011 photos in seen in the Bill who lent Foundation obituary newsletter for

Lahainaluna, family Hawaiian history. He graphing David Malo and archived those albums that can be school's library. It was his talents to the with the alumni column that ran in the the past few years.

The school's Archive Committee had this to add: "He was an invaluable member of the Lahainaluna HistoricLal Preservation Committee (Archive). He took on the herculean task of scanning the yearbooks page by page. Also, Bill had a passion for research and brought to the committee countless articles relevant to LHS history. Bill's personal history in Lahaina and at Lahainaluna made him a walking encyclopedia of former classmates.

Bill is deeply missed and the loss will be felt by all of us who make up the Lahainaluna ohana. Malama Pono.

From Principal Dean:

As an alumna of Lahainaluna and a member of this community, it is an honor to be the Principal of the school. Born and raised in Lahaina, I've committed my entire career to serving the children of our community. I worked as a teacher and resource coordinator at Princess Nahi'ena'ena Elementary School for 23 years and began my administration career at Lahainaluna High School 5 years ago.

Building on what has been in place, it was important to organize a Budget and School Design Teams. Together with key players of our school community, we acknowledged challenges that lay ahead, and have created a new school design to determine both short and long-term goals in order to move our school in a direction that will better serve the variety of students we have. Lahainaluna has benefitted from our relationship with the LHS Foundation for many years. From extensive facility funding, development and support, to department and individual classroom needs, our gratitude for the Foundation is endless. Our students continue to be recipients of the Foundation's support and generosity year after year.

Many projects and school accomplishments would not have been possible had it not been for the commitment and dedication of the Foundation and all of the community donors that support their cause. On behalf of Lahainaluna High School, we are truly fortunate and grateful. Mahalo nui loa.

You Can Help Perpetuate the Torch of Excellence...

The Lahainaluna High School Foundation is a non profit, 501-c-3 organization (FEIN#99-0748748), founded by a group of LHS administrators, faculty and community member. Its mission is to support the Lahainaluna school community by providing opportunities and resources and to preserve and perpetuate Lahainaluna's unique culture, history and traditions.

There are **MANY WAYS** that you can help and continue **to MAKE A DIFFERENCE.** In-kind contributions & volunteering help make a positive impact, as do monetary donations which can be directed to the areas of your choice, or wherever the need is greatest. Unrestricted

donations are applied to our Charity Walk efforts for a greater yield.

You can donate to the Foundation when you shop at Amazon!! Amazon will donate part of your purchase (.5%) to the Foundation. Simply sign up for **AmazonSmile** and designate the Foundation as your charity.

We will continue to offer **Brick Pavers** and **Bleacher Sponsorships** as a way to support the Sue D. Cooley stadium at Lahainaluna.

The **Scholarship** awards continue to grow and aid students seeking to further their higher education and vocational training. We have distributed more than \$1,883,000 in scholarship awards since 2002.

The Foundation has also awarded more than \$1,350,000 towards **Grants and Sponsorships.**

Consider making a gift, no matter how much or how little. Contact the LHS Foundation for more info. All contributions are appreciated! I MUA, Lahainaluna! MAHALO!
